## Reading Your Degree Evaluation

The first area of your degree evaluation will give you information about your credit hours and GPA. The **Total Required** refers to the credit hours required for your degree program. In this case, it is 120. The **Used** hours will reflect all of the credits that you have completed, transfer in, and are currently registered for.

The next two lines refer to the graduation requirement that the last 30 semester hours (2 semesters) must be completed in residence at JCU and may not be transferred in from another institution. Please keep this requirement in mind when scheduling classes for your junior/senior year.

This area also lists your overall GPA, number of transfer credits, and the number of 'in-progress' credits.
