

## Deloitte & Touche Scholarship Program

The Ohio Foundation of Independent Colleges is pleased to announce the renewal of the Deloitte & Touche Scholarship Program for students planning to become CPAs. Current scholars must re-apply. Deloitte & Touche is very interested in cultivating relationships with their scholars and they will be strongly encouraged to apply and interview for an internship or work-study program with Deloitte during their college careers, although these opportunities are not required to receive the scholarship. For a full description of the program and access to the online application, use the following link and credentials:
