IMPORTANT NOTES REGARDING SUMMER FINANCIAL AID

For most students, summer is considered the final semester of the 2016-2017 award year; therefore, summer financial aid is very limited. A student’s eligibility for summer aid is generally the amount of annual eligibility remaining or not used during the fall and spring semesters. For that reason, students should secure/apply for summer aid (i.e. loans) as early as possible. *Please note if you have used all your financial aid eligibility during the 2016-2017 year and do not wish to pursue a private loan it is not necessary to complete a summer aid application.*

- You must be registered at least half-time to be eligible for most federal aid.
 - a. Undergraduate Students: *full-time* = 12 credits; *¾ time* = 9 credits; *½ time* = 6 credits
 - b. Graduate Students: *full-time* = 9 credits; *¾ time* = 6 credits; *½ time* = 3 credits
- Financial aid will be disbursed on the first day of the summer term, May 15, 2017.
- Private educational loans are available to students who are enrolled half-time or full-time. Some, but not all, private lenders will lend to students enrolled less than half time. Since these loans are credit-based and take several weeks to receive funds, you are encouraged to apply as early as possible to ensure your credit check is approved and you can secure payment for your courses.
