

# International Student Career Resources

**“Life’s a trip, Find your Destination”**

International students can familiarize themselves with the Center for Career Services to help them make sense of the career decision-making process, internship and job search planning in the United States.

The Center for Career Services can assist students through one-on-one career advising in choosing a major, identifying a career path, résumé writing, internship search, and post-graduation job planning. Some of the tools available are:

- **Career Connection:** JCU Career Center central database for job and internship postings, networking and career fair events, and on-campus recruiting.
- **Do What You Are:** This self-discovery assessment can help you focus on what educational and career paths are best for you based on personality strengths and weaknesses. Located on the Career Center web site.
- **Going Global:** Allows you to research specific countries and states in the USA for information regarding job search resources, employment trends, résumé guidelines and cultural advice. Located in Career Connection.
- **Career Education Courses:** The Career Center offers 1-credit courses for career exploration for the undecided Freshman and Sophomore as well as Introduction to the World of work for Juniors and Seniors preparing for post-graduation employment.
- **Career Fairs:** Offered throughout Spring and Fall semesters, we collaborate across campus to bring a wide array of employers from Corporate America, Federal Government, Non-Profit and Education to recruit JCU students in ALL MAJORS.
- **Carroll Contacts:** JCU Career Center LinkedIn group with over 2000 contacts of students, alumni and employers.
- **Graduate School:** Career Advisors can provide resources and advice on preparing for and applying to graduate school.
