Welcome Letter from Dr. Beadle

Welcome to JCU's fourth annual *Celebration of Scholarship!* This event began with the purpose of communicating with the entire campus community those ideas which we normally share in the classroom. This scholarly work includes discovery, integration and application, three elements of scholarship that Ernest Boyer defines in *Scholarship Reconsidered*. The week's events will celebrate our engagement in these aspects of scholarship.

This year we have extended our programs in the scholarship of application. Programs in the fine and performing arts include: music and spoken word performances on Monday, Tuesday, and Wednesday, and a "Meet the Artists" reception on Tuesday evening. Works of art will be displayed in the Grasselli Library Lobby, Rodman B and the Dolan Reading Room. Our opening lecture addresses the use of photography as a creative art but also as a way to document reality. These are a few of the opportunities this week for all of us to engage in the scholarship of discovery and enjoy the Celebration. I invite all of you do so.

Mary E. Beadle, Ph.D.
Dean, The Graduate School
