

Agenda

Faculty Forum

Donahue Auditorium

Mar 28, 2007

2:00—3:30pm

1. Approval of minutes
2. Academic honesty proposal, Jackie Schmidt, CAP
3. First Year Seminar proposal, Jackie Schmidt, CAP

The Forum meeting will be followed by an open hearing on core revision. This meeting will take place in the Chemistry Conference Room on the 3rd floor of Dolan. The four questions posed by CAP are:

1. What do students need to learn as part of a JCU education?
2. How well does our current core ensure this happens?
3. Does the core need to be changed at all? In whole? In part?
4. If the core were revised, what would an optimal process for revision look like?
