3. Registration Packs

Registration packs and identity cards will be distributed to Visiting & Erasmus students at the Academic Advisory Session on 5th

September 9.00 – 10.00 am. Registration packs contain a statement confirming registration details (student identity number, email address etc) and a student identity card.

4. Academic Information

This Academic Information Booklet provides a comprehensive list of modules which are available to Visiting and Erasmus students. Students may select modules from a wide number of Disciplines in different years.

No change to the official lecture schedule or examination timetable can be made. Should two of the modules in which you are interested clash on the lecture schedule, you must choose between the two.

Understanding Module Codes

As a general rule, the structure of a module's code is made up of a sequence of letters and numbers. The module code starts with two letters which denote the Discipline teaching the module (e.g. HI – History, AN – Anatomy, LW - Law). The remainder of the module code is made up of three numbers. The first number in the sequence normally indicates the year the module is delivered to e.g. HI165 is a module offered to first year domestic students. HI208 is a module offered to second year domestic students, HI362 is a module offered to third year domestic students etc. Module codes starting with the numbers 4 or 5 are normally offered to 3rd and/or 4th year students. The higher the number, the more advanced the course is. Visiting and Erasmus students are offered courses from 1st, 2nd, 3rd and 4th year.

Full Year Modules

Students wishing to enrol on a full year module must be registered at NUI Galway for a full academic year. Students who are only registering for one semester may not enrol on full year modules.

IF A MODULE IS NOT LISTED IN THIS BOOKLET, DO NOT ATTEMPT TO REGISTER FOR IT!

5. Academic Load

Modules are credited in ECTS (European Credit Transfer System). The ECTS protocol allocates 60 credits to a full academic year's work, and 30 credits to a semester's work. Visiting/Erasmus students may, at their discretion, take fewer or more credits but should carefully consider the implications, from the point of view of transferring credit, of taking less than the full-time quota. Further information about the ECTS system can be accessed at http://ec.europa.eu/education/tools/ects_en.htm

6. Lecture Timetables

Lecture timetables are available from Disciplines and can be accessed either by calling to the Discipline's office in person, using the Discipline's website or emailing the discipline to request a timetable. The addresses of Discipline offices, their websites and a contact email address are listed in this booklet with the list of modules on offer for that Discipline. The Discipline websites can also be accessed via <http://www.nuigalway.ie/colleges-and-schools>.

7. Module Selection & Registration

Students are permitted to attend classes prior to registering their module selection in order to make an informed decision regarding the modules they wish to follow for the semester. Students must complete the Module Registration Form in the back of this Academic Information Booklet and return it as follows:

Date: 22 September 2014
Time: 9.30 am - 3.30 pm
Venue: 1st Floor Counter, Áras Uí Chathail

Visiting/Erasmus Students Module Registration Times by Surname	Time	Venue
A - F	9.30 - 11.00 am	Áras Uí Chathail, 1st Floor, Registration Desk
G - L	11.00 - 12.30 pm	Áras Uí Chathail, 1st Floor, Registration Desk
M - P	12.30 - 2.00 pm	Áras Uí Chathail, 1st Floor, Registration Desk
Q - Z	2.00 - 3.30 pm	Áras Uí Chathail, 1st Floor, Registration Desk

8. Change of Mind

After registering their module selection, students are permitted one week in which they may amend their module selection. Students who wish to amend their module selection must complete a Change of Mind Form available in the Academic Information Booklet and return it as follows:

Visiting Students must submit their Change of Mind Forms directly to the International Affairs Office, 7 Distillery Rd.

ERASMUS Students must contact the ERASMUS Coordinator in the relevant discipline, and obtain his/her signature, before

returning the Change of Mind Forms to the International Affairs Office, 7 Distillery Rd.

Submission Date: Monday 29 September 2014.

No change to module selections can be accommodated after Monday 29 September 2014. Provision will only be made to examine you in modules for which you are registered. All modules registered will be reported on your transcript, whether completed or not. A result of ABSENT will appear on your transcript for any module for which you are still registered after that day and for which you do not present for examination.

Students should ensure that they check the Registration Statement they receive to ensure it accurately reflects their module choices. Any errors should be reported without delay to louise.coyle@nuigalway.ie

9. Registration Statements

Students will be emailed a Registration Statement confirming the modules they are registered for. Please ensure you review the statement thoroughly and report any errors on your module registration statement to Louise Coyle (louise.coyle@nuigalway.ie) in the International Affairs Office.

10. Examinations

The University will only certify examination results when the results have been obtained at the formal assessments. Consequently, you should not attempt to make arrangements with individual members of staff regarding the substitution of essays or other coursework for formal examinations. Such arrangements, if made, will not be officially recognised and a result for the module in question will not appear on your transcript.

Please consider the notes on Examination Timetables below. Disciplines will advise of arrangements for modules being examined by essay.

Continuous assessment elements and/or essays may form part of the assessment process in any module.

WARNING: Do not plan to travel home before the last date of the Examination Session.

Past examination papers

To assist with preparation for examinations, students can obtain copies of previous examination papers on the Library website at https://www.mis.nuigalway.ie/regexam/paper_index_search_main_menu.asp

11. Examinations Timetables

The final schedules and the examination timetable for all Colleges will be published on the web at <http://www.nuigalway.ie/exams>. Timetables are normally released mid semester.

Examinations will be completed by 19 December 2014. You should book your homeward travel to ensure you can complete all of your examinations.

Please note that modules assessed by essay will be assessed and completed before the formal examinations commence.

Modules may be timetabled at the same time for examination even where the lecture timetable does not clash. It is important when the examination timetable issues, that you check if you have a clash. If you examinations clash, you should visit the Student Information Desk, ground floor in Áras Uí Chathail to report the issue.

Students should also check their personal examination schedule to ensure that all their examinations are listed. In the unlikely event of an examination not showing, this should be reported in person to the Student Information Desk, Ground Floor, Áras Uí Chathail.

Only modules which are examined by formal examination papers are listed on the examination timetable. Arrangements for modules examined by means of essays etc. will be notified by the Discipline providing the module. Such arrangements must be strictly complied with.

12. Examination Standards

Please note the following NUI Galway standards:

Module taken must be passed at 40%.

% Mark	Honours Level
40% or above	Third Class Honours
50% or above	Second Class Honours, Grade 2
60% or above	Second Class Honours, Grade 1
70% or above	First Class Honours

13. Change of Galway Address

Students should notify Louise Coyle, International Affairs Office, of any change of address. Email: louise.coyle@nuigalway.ie. Non EU students must also notify the GNIB of a change of address. Tel: 091 768002 / Fax 091 768003.

14. Fax Facilities

Students requiring fax facilities to communicate with their home institutions may use the fax service provided by Print That located on the Concourse, Arts/Science Building (beside Smokey Joe's Restaurant). The website is <http://www.nuigalway.ie/printthat/>.

15. Computer Facilities

All students are required to activate their CASS account to gain access to computing services at NUI Galway. You will need your student identity number and a password to activate your account. Your student identity number will be printed on the registration statement in your registration pack received at orientation. Your temporary password is galway+day+month of birth. E.g. If your birthday is 20th October then your password is galway2010. To activate your CASS account please go to <https://cass.nuigalway.ie>

Students must also activate their NUI Galway email account as this is the email address that will be used by NUI Galway to communicate with students. You will require your NUI Galway email address as printed on the registration statement in your registration pack. Your temporary password is galway+day+month of birth as above. To activate your email address please go to <http://studentmail.nuigalway.ie>

If you have difficulty activating your CASS and email accounts please contact the Information Solutions & Services office at servicedesk@nuigalway.ie or telephone 091 495777.

Information regarding computer services on campus can be found online at <http://www.nuigalway.ie/information-solutions-and-services/>

16. Service Learning Module

Literacy and Learning in the Community is a new service learning class for Visiting Students from the United States at National University of Ireland, Galway. This semester long class is worth 5 ECTS credits (approximately 2-3 US credits) and is delivered via a series of academic lectures, reflective seminars and over 20 hours of service at an after school homework club at a local elementary.

An application form for this module will be provided at the Academic Advisory Sessions.

NB: As part of this course students will be working with young children in a homework club. Therefore US students wishing to enrol on the Service Learning Module, EN150 will require police clearance from the United States. Students should plan to bring police clearance documentation with them to Ireland. Students may also require police clearance if they wish to avail of volunteering opportunities.

For further information about this module please see <http://nuiginternational.wordpress.com/2012/06/14/service-learning-for-visiting-students/>

17. Indigenous Arts Module

NUI Galway has introduced a new class about indigenous Irish music, song and dance for Visiting Students from the United States. Exploring the Indigenous Arts is a 5 ECTS class (approximately 2-3 US credits) that offers students studying abroad at NUI Galway a practice-based opportunity to learn about indigenous Irish music, song and dance, set in the unique landscape of Connemara. The semester long module seeks to analyse Irish identity and history – and its current position within a global context – and to examine the impact that Irish culture has had on the development of music, song and dance globally. For further information about this module please see <http://nuiginternational.wordpress.com/2012/06/07/exploring-the-indigenous-arts-a-new-class-about-irish-music-song-and-dance-for-us-visiting-students/>

An application form for this module will be provided at the Academic Advisory Sessions.

College of Arts, Social Sciences, and Celtic Studies

IMPORTANT NOTE

Visiting Students should note that some Examinations may be scheduled during Study Week in either Semester 1 or in Semester 2. Therefore students should not make travel arrangements during or around these weeks.

Visiting Students registering for Semester 1 (Fall) only, may not select modules that are offered for the full academic year.

SEMINARS AND COLLOQUIA – Special Note

History Colloquia for Second Year and History Seminars for Final Year each consist of a number of 10 ECTS modules for each Semester. A description of each module is available on the History website. Up to three places on each topic have been reserved for Visiting Students. Students may only register for one topic of either History Colloquia or History Seminar. Permission to register for a History Colloquia or a History Seminar and assignment to a particular topic must be arranged through the Discipline of History before registration. Students wishing to register for a Colloquium or Seminar should speak to the seminar co-ordinator before the first meeting of the Seminar/Colloquia, requesting a place on the Colloquium or Seminar. The History Administrative Assistants will let you know if you have a place. Prospective students should note that History Colloquia and History Seminar carry 10 ECTS.

There are no restrictions on enrolling for lecture modules.

Examination Arrangements

Visiting Students are assessed in all History modules by continuous assessment, which is determined by the lecturer and may consist of a combination of essays, assignments and either a final extended essay or an in-house examination.

* Year long module examined in Semester I and Semester 2, or in Semester 2 only, each year.

Note: Admission of Visiting Students to individual modules is subject to the agreement of the Head of Discipline and will depend upon the applicant's academic background in the relevant subject areas and the availability of places within the module.

Course Codes: As a general rule, the structure of a module's code is made up of a sequence of letters and numbers. The module code starts with two letters which denote the Discipline teaching the module (e.g., AN – Anatomy, BI – Biochemistry, CH – Chemistry etc). The remainder of the module code is made up of three numbers. The first number in the sequence normally indicates the year the module is delivered to e.g. CH205 is a module offered to second year students. EOS303 is a module offered to third year domestic students. Module codes with the starting with the numbers 4 or 5 are normally offered to 3rd and/or 4th year students. Visiting and Erasmus students are offered courses from 1st, 2nd, 3rd and 4th year.

Attendance at science classes is required from week 1 of term to ensure that students do not miss laboratory/practical classes.

Glossary

Term	Explanation
Colloquium	Colloquium modules are small group teaching modules. These modules have a limited number of students. Colloquia require reading, presentation, oral participation and regular attendance. Students are expected to work independently and be motivated.
Continuous assessment	Continuous Assessment are evaluations that takes place throughout the semester/academic year. Examples include mid-term essays, class tests, group assignments.
Discipline	An academic discipline is a branch of knowledge that is taught and researched at university level. Examples of academic disciplines - French, Anatomy, Mathematics, Physics etc
ECTS	ECTS is based on the convention that 60 credits measure the workload of a full-time student during one academic year. The student workload of a full-time study programme in Europe amounts in most cases to 36/40 weeks per year and in those cases one credit stands for 25 to 30 working hours. Workload refers to the notional time an average learner might expect to complete the required learning outcomes. An ECTS users guide can be downloaded at http://ec.europa.eu/education/lifelong-learning-policy/doc/ects/guide_en.pdf
Erasmus Programme	The Erasmus Programme (European Region Action Scheme for the Mobility of University Students), is a European Union student exchange programme. The Erasmus programme aims at enhancing the quality and reinforcing the European dimension of higher education as well as at increasing student and staff mobility. NUI Galway has in the region of 200 Erasmus bilateral agreements, and Erasmus links with some 130 European universities, providing opportunities for study and teaching abroad in a wide range of disciplines.
Essay	A short literary composition on a single subject, usually presenting the personal view of the author. Essay lengths are advised by the academic disciplines and may vary from 1500 - 5000 words.
Examination	An examination is an assessment intended to measure a student's knowledge of a particular academic module. Written examinations at NUI Galway are normally of 2 hours duration.
Extended Essay	Extended essays may range from 3000 - 5000 words and provide students with an opportunity to conduct independent research on a topic
Lecture	A lecture is an oral presentation intended to present information or teach people about a particular subject. Most lectures take place in lecture theatres on campus and student numbers are not restricted when enrolling.
Module	A unit of education or instruction in which a single topic or a small section of a broad topic is studied for a given period of time.
Occasional Arts	"You are an Visiting/Occasional Student if: You have been admitted to undertake a programme of study that is a sub-element of a recognised full-time programme. You may be a 'Visiting Student' who is registered in another University which will give you credit in their programme for academic work you complete in NUI Galway. As an Occasional Student however, you are not on a programme leading to a Degree, Diploma or any other award of this University. Normally only students of another University, in good standing, or graduates are admitted as Occasional /Visiting students."
Prerequisite	In order to be eligible for admission, students must demonstrate they have a suitable academic background in a given subject area as set out by the Discipline.
Seminar	Seminar modules are small group teaching modules. These modules have a limited number of students. Seminar modules are designed to facilitate intensive study of specific subject areas. Seminars require students to participate in class discussions. There may be a separate registration procedure for seminars to ensure that class size is not exceeded.
Tutorial	An interactive class in which a tutor gives intensive instruction in a subject to a small group of students.
Visiting Student	Students currently enrolled at another university who have permission from their university to take specific courses at NUI Galway. Visiting students normally enrol at NUI Galway for a semester or one academic year.
