* Please review the undergraduate bulletin regarding special designations (R, S, D, L, W). Consult the bulletin for information regarding prerequisites and all other requirements. The above schedule leaves room to complete PS 101 within the first year, not necessarily the first semester. Your advisor can help you determine which courses you would need to take to complete the major if you've select one of the tracks in the department instead of the General Psychology Major (See the opposite side of this paper for a list of the available tracks.)
