# Reading Your Degree Evaluation

The first area of your degree evaluation will give you information about your credit hours and GPA. The **Total Required** refers to the credit hours required for your degree program. In this case, it is 120. **The Used Hours reflects all of the credits that you have completed, transferred in, and are currently registered for.**

The next line refers to the graduation requirement that the last 60 semester hours must be completed in residence at JCU and may not be transferred in from another institution.

This area also lists your overall GPA, number of transfer credits, and the number of 'in-progress' credits.
