

IRB Application for Human Participant Research

1.	. PROJECT TITLE	
	Title of Project:	
	IRB Log No. (Assigned by IRB):	Review Category:
2.	. PROJECT DATES	
	NOTE: Project work may not begin prior to appro	val or exemption from the IRB.
	a. Anticipated starting and completion dates:	to
	b. Will this project be conducted on an annual ba	sis? Yes No
3.	. PRINCIPAL INVESTIGATOR INFORMATION	
	a. Contact Information	
	Principal Investigator:	
	Department or Affiliation:	
	Email:	Phone:
	Dept. Chair/Supervisor:	Email:
	b. PI Status:	
	c. Student / External Researcher Information ((JCU faculty/staff researchers may skip the section below)
	If you are a student or external researcher, p	please provide the following, as applicable:
	Type of project:	
	Course # & Name:	
	JCU Faculty/Staff Sponsor:	
	Department:	
	Sponsor Email:	Phone:
	Students and External Researchers must pro	ovide their current mailing address:
	Research Sponsor's Statement:	
	application, and I have fully reviewed the proposed research design and the mea	amiliar with the project proposed on this IRB his completed form. I am satisfied with the asures proposed for the protection of human responsibility for conduct of ethical human subject and data security measures.
	Electronic Signature of Faculty/Staff Sponsor:	(See p.11 for signing instructions)
	All faculty/staff sponsors are required to conmodule as one of the course electives.	nplete CITI training and choose the "Students in Research"
	Sponsor's CITI Training Completion Date: _	

4.	FUNDING			
	Is this project being funded by an exter	nal source?	Yes	No
	If yes, list the funding source/sponsor r			
	(See the Director of Sponsored Research for	more information about funding	sources and gra	nt administration.)
	RESEARCH STATEMENT: Provide a the motivation, research hypothesis, ar Specific or technical jargon should be a	nd goal(s) of the study. Ci	te previous re	
6.	RESEARCH RESULTS: What will you	do with the results of the	study? (e.g. p	publish, present publicly,
	upload results onto an online or cloud-IRB Administrator first if the project will			
	Administrator first if the project will	TNOT be shared outside t	ne ciassiooni.	
7.	PARTICIPANT POPULATION			
	a. Indicate which, if any, of the followin	g groups will be research	participants (check ALL that apply):
	Adults	Senior Citizens (ove	er 65)	Terminally III
	Minors (under 18)	Non-English Speake	ers	Prisoners or parolees
	Students	Mentally/Physically	Disabled	LGBTQ+
	JCU Psych Pool	Cognitively Impaired	d	Homeless Persons
	Employees in a work setting	Institutional Resider	nts	Addicts
	Single Subject Populations (e.g. l	by Gender, Race, Ethnicit	y, or Religion)	
		•	,	

Other groups, please specify:

for including or excluding specific	groups, if applicable:	election chiena a	nd the rationale
b. Research with Students			
	rses you are teaching or your advis	sees?	Yes No
concern when instructors do rese will not know which of your stude	on is necessary to the study. Coerd arch with their students or advisees nts have or have not consented to It Faculty Use of Students in Resea	s. Explain how yo participate until a	ou will ensure you after semester
c. Research with Employees			
Will you specifically recruit JCU e	mployees?	Yes	No
Will you specifically recruit employ	yees of other organizations?	Yes	No
If "Yes", explain why this population is necessary to the study. When studying employees in their workplace, a breach of confidentiality could potentially put participants' reputation and employability a risk. Describe procedures for protecting employees' confidentiality in their workplace.			
d. Population Size			
What is the approximate number	of participants to be recruited?		
If applicable, please describe the	targeted number or percentage for	each arm of the	study:
e. Recruitment			
How will participants be recruited	? Check ALL that apply and attach	all applicable red	ruitment materials
Recruitment Emails	Advertisements	SONA/JC	CU Psych Pool
Direct Solicitation	Social Media	Snowball	/ Word of Mouth
Flyers or Posters	Oral Scripts	Other (de	scribe below)

Please describe your recruitment process, including your methods for insuring that your population fulfils the inclusion/exclusion criteria described in section 7.a .:				

8. INFORMED CONSENT

See the IRB Guidelines on Informed Consent for more information and several helpful informed consent/assent templates. Attach ALL applicable consent and assent materials.

- a. Type of Informed Consent (check ALL that apply):
 - (i) Adult Consent
 - (ii) Use of Minors (under 18 years of age)

Parent/Guardian Consent

Child/Minor Assent for Non-Readers: not able to read or not proficient at reading

Child/Minor Assent for Proficient Readers: can read & understand a simple assent form

(iii) Informed Consent will be **partially waived**: participants will be only *partially* informed about some aspects of the study. Please also complete **8.b.** below.

Concealment/Partial Consent: Some information will initially be withheld from participants

Deception/Partial Consent: Participants will be deliberately given false information

(iv) Informed Consent will be **completely waived**: participants will not be informed and consent will not be obtained prior to the study. See the IRB Administrator for the very specific circumstances in which informed consent may be waived. Please also complete **8.c.** below.

Informed Consent will not be obtained

Parental consent will not be obtained

Child/minor assent will not be obtained

Refer to 45CFR46.116d and 46.117 for the federal guidelines regarding waivers of informed consent. See the IRB Administrator for more information.

b. Partial Consent: Concealment and Deception

Concealment is when some specific information about the study is initially withheld from participants. Deception is when researchers deliberately give participants *false information about some aspect of the study*. Both are forms of *partial informed consent*, and in both cases, participants must be fully debriefed at the end of the study. If your research involves concealment or deception, you must provide the following information:

) Sp	pecifically describe the type of concealment/deception being used.	
i) W	/hy is concealment/deception a necessary component of the experimental design?	
ii) H	ow will participants be debriefed? (Debriefing materials must be attached)	
	Plete Waiver of Informed Consent (Please see the IRB Administrator for guidance.) If an 8.a.iv is checked, please justify why informed consent will not be obtained.	y itei

d.

- (i) Written Consent/Assent with signature(s) will be obtained from participants
- No signed Consent/Assent Obtained (Documentation of Signature is waived) (ii)

If (ii), a waiver of signature is requested (see §46.117(c) for requirements), indicate below how participants will be informed and will grant consent:

A paper **Information Sheet** will be presented to participants. Explain rationale below:

Oral Consent will obtained from participants. Explain rationale below:

Electronic Consent will be obtained. (JCU SONA experiments, online surveys, or other on-screen experiments, etc.) Study information will be presented electronically.

DATA COLLECTION & CONFIDENTIALITY ISSUES a. Data collection methods, check ALL that apply: Questionnaire or Survey Collecting archived data or databases Web or Internet Intervention Interview Focus Groups Observation Video or Audio Taping Instruction / Curriculum Computer Collected Task Data Other: b. Will the data be collected anonymously so that no one, not even the researchers, can determine we participated? See the IRB Privacy page for an explanation of anonymous vs. confidential. Yes No c. If you answered NO to 9.b., describe procedures for keeping data confidential and secure. Be sure explain how the data will be stored both during the data collection process and after the study is conducted since this will affect the confidentiality of the data.	If 8.d.ii. is checked, please explain the ratio	onale for NOT collecting a signed informed consent form:
Questionnaire or Survey Collecting archived data or databases Web or Internet Intervention Interview Focus Groups Observation Video or Audio Taping Instruction / Curriculum Computer Collected Task Data Physical Tasks Other: b. Will the data be collected anonymously so that no one, not even the researchers, can determine we participated? See the IRB Privacy page for an explanation of anonymous vs. confidential. Yes No c. 10.	METHODOLOGY: Describe in detail how the research will be conducted, step by step. Be sure to address (1) how participants will be identified, contacted, and recruited; (2) how informed consent will be handled; (3) the location where the study will take place; (4) how all the data will be collected; (5) how participants will be debriefed, if applicable, and (6) how the data will be analyzed.				
	If the research will be conducted by several co-investigators, specify <i>who</i> will be responsible for <i>what</i> step(s). Please use attachments if more space is needed. Reference all attachments when applicable.				

11.	RISK FACTORS: Does your study involve any of the following elements?		
	Coercion or undue influence, or the potential for coercion	Yes	No
	Procedures that might cause mental discomfort	Yes	No
	Procedures that might cause physical discomfort	Yes	No
	Collection of information that, if disclosed, could be embarrassing or harmful to participant's reputation, employability, financial standing, or insurability, or place the participant at risk for criminal/civil liability	Yes	No
	Procedures that might cause physical harm to participants	Yes	No
	Biomedical procedures, including the use of drugs or EEG recorder	Yes	No
	Participants will be audio or video recorded, or photographed	Yes	No
	physical, psychological, social, legal or other risks.		
	b. For all potential risks, assess both the <u>likelihood</u> of their occurring and their <u>seri</u> think these risks will be avoided.	<u>ousness,</u> ev	en if you
	c. Describe the procedures you will use to mitigate these risks as well as any prov necessary professional intervention in the event of a distressed participant or of		
	BENEFITS: Describe the anticipated benefits to participants and contributions to g field of inquiry:	eneral know	ledge in this

amount of compensions whether students a	If the research participants will be compensated or rewarded, indicate the type and sation. If participants are being recruited from JCU classes or the Psych Pool, indicate receiving course credit (regular or extra credit) and, if so, what alternative are ident who do not wish to participate in the research:
SUPPORTING MA	TERIALS
are presented to or	ments must be submitted with this application. The IRB must review all materials that seen by any participants during the study. Indicate below what materials will be blication. Check ALL that apply:
Recruitment N	Materials (flyer, ad copy, social media post, recruitment email, SONA study page, etc
	sent (consent and assent forms, information sheet, electronic consent page, oral t, translated informed consent documents for non-English speakers, etc.)
Data Instrume	ents (surveys, interview questions, tests, links to internet surveys, etc.)
Debriefing sta	atement
Other: (specif	y)
files from your com	uld be attached to this form by clicking ATTACH FILE . You will be asked to choose puter that you wish to attach. Please give your documents names that clearly are. (e.g. <i>AppendixA.doc</i> , <i>RecruitmentFlyer.pdf</i> , <i>Informed_Consent.doc</i> , etc.)
CERTIFICATION S	TATEMENT: must be initialed by ALL investigators engaged in this research.
and procedures gov Review Board Poli	ials below, I certify that I have read and understand John Carroll University's policies berning human subject research as described in John Carroll University's cy. I will fully comply with those policies and will not conduct any research activities al. I further acknowledge my obligation to:
• •	tten approval of significant deviations from the originally approved protocol king those deviations;
	ely report all adverse events of the study to the Chairperson of the eview Board and the Research Sponsor, if applicable.
Name of Princip	al Investigator:
Pl's initials:	Date:
Principal Investiga	ator's CITI Training Completion Date:
Once this form is	completed and SAVED, the PI should email the file to each co-investigator in order foed, and initialed by each member of the research team.

CO-INVESTIGATORS:

All investigators who are engaged in this research, including the analysis of human subject data, must be listed on this application and must read and initial the **Certification Statement**. All co-investigators must also provide their CITI training completion date.

When you receive this form to be initialed, you must review the proposed research protocol, the attachments, and the **Certification Statement**. Type your name, email, and affiliation (if not JCU) in one of the spaces below. Next, enter your CITI (or equivalent) training completion date.

Enter your initials and the date below your name, then **SAVE** the file to your computer. Finally, send it as an email attachment back to the Primary Investigator or to the next co-investigator. When all names have been listed and initialed, the PI is responsible for submitting the completed form to the IRB Office.

1. Name:	_ Email:			
Affiliation (if not JCU):				
CITI Training Completion Date:				
Initials: Date:				
2. Name:	_ Email:			
Affiliation (if not JCU):

CITI Training Completion Date:				
Initials: Date:				
4. Name:	_ Email:			
Affiliation (if not JCU):				
CITI Training Completion Date:				
Initials: Date:				
If more names need to be listed, please add in an attachment.				

To **SAVE** this form, at any point, to your computer:

This form will be saved to your computer as a PDF. Please give your file an **appropriate and easily recognizable name**, not "IRB Application Form". We strongly suggest the file name contain the PI's last name.

16. SUBMISSION INFORMATION:

This application is complete when all required fields are filled, all supporting documents are attached (see **Section 14**), and all investigators engaged in this research have read and initialed the **Certification Statement**. Student researchers and external researchers must also have a digital signature from a JCU faculty advisor/sponsor (see **Section 3.c.**). **SAVE and name this form BEFORE YOU SUBMIT!**

There are two ways to SUBMIT a completed form:

- 1. Click the submit Form button at the top right hand side of this file window or...
- 2. Send an email with this completed application attached to: IRB@jcu.edu

You will receive an email acknowledgment when the application and supporting documents have been received and processed for review. You will also be given an IRB Log #.

For questions or assistance in completing this application, see the JCU IRB website, or contact the IRB Administrator at 216-397-1527.

To **PRINT** a hard copy of this form:

(Please, think twice and save paper!)

For IRB Office Use Only:

Instructions for Faculty Advisors and Research Sponsors:

Providing an electronic signature:

All faculty advisors of student researchers and JCU sponsors of external researchers are required to sign **Section 3.c** of this application. After you have read this application, have become familiar with the protocol, and are satisfied with the research methods, click on the digital signature box under the Sponsor Statement.

If you haven't done so before, you will be instructed to establish your own password-protected, digital signature. After your digital signature and password are established, they will be saved to your computer, and you will be able to sign all subsequent Adobe digital forms by using your password. This will be a date-stamped, verified electronic signature.

After completing the digital signature, you will be asked to SAVE the form to your computer. Please email the form back to the Primary Investigator.

If you have any questions about digital signatures in Adobe forms, please contact the IRB Administrator.

CITI Training

All faculty advisors of student researchers and JCU sponsors of external researchers are required to complete CITI training in ethical conduct of Human Subjects Research and to keep their certification current. Faculty/Staff advisors of student researchers are also required to complete "Students in Research" as one of the elective modules of the "IRB Researchers and Sponsors" course.

If you have any questions about CITI training, please contact the IRB Administrator.
