

Dear John Carroll Faculty and Staff:

The USPG has been hard at work recrafting the preamble, goals and objectives. The current version reflects significant feedback from the campus from meetings, online feedback, and table discussions at our recent community forum. Thank you for your engagement and for helping make this process one of the most collaborative efforts at John Carroll. The revised document is now ready for your review and endorsement.

Please use this [link](#) to access the strategic planning document. This document, ***Promise and Prominence: John Carroll University's Strategic Vision 2015-2020***, captures our shared vision for John Carroll now and into the future.

We ask that you review the plan preamble, goals, and objectives. After your review, please complete the brief survey where you indicate whether or not you endorse the strategic plan.

If the plan is endorsed, we will submit it to the Board of Directors for their approval. We will then begin the operational planning phase of our process; namely, crafting the tactics, action steps, and metrics needed to implement this strategic plan.

The deadline for completion of the survey is: November 17, 2015.

Take the survey

Sincerely,

Jeanne Colleran
Provost and Academic Vice President

Nicholas R. Santilli
Associate Provost for Accreditation and Institutional Effectiveness
Professor of Psychological Science
